Ballot Item No. 7

Mr. Taylor (Simcoe Centre)—Resolution—That this House reaffirm its support for producer operated provincial and national marketing boards, which provide an effective means of marketing many farm products in this country, and which give farmers much needed bargaining power in the marketplace and have been an effective mechanism to provide consumers with a stable supply of wholesome food products at reasonable prices, and which are supportive of the family farm, small business, and the promotion and development of food resources throughout this province and country. *To be debated June 11th, 1981.*

Ballot Item No. 8

Second Reading Bill 57, An Act respecting the Rights of Non-Unionized Workers. Mr. Haggerty. *To be debated June 11th, 1981.*

Ballot Item No. 9

Mr. McClellan—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canada Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic

partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system. *To be debated June 18th, 1981.*

Ballot Item No. 10

Mr. Robinson—Resolution—That this Government take steps to amend the Highway Traffic Act and change the corresponding regulations dealing with the use of a seat belt assembly in motor vehicles such that protection under the Act be extended to children under the age of five years so as to ensure that children are adequately restrained and protected as passengers on the highways of the Province of Ontario. *To be debated June 18th, 1981.*

Ballot Item No. 11

Mr. Miller (Haldimand-Norfolk)—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming. *To be debated June 25th, 1981.*

Second Reading Bill 57, An Act respecting the Rights of Non-Unionized Workers. *Mr. Haggerty.* *To be debated June 11th, 1981.*

Ballot Item No. 9

Mr. McClellan—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canada Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic

partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system. *To be debated June 18th, 1981.*

PRIVATE MEMBERS' MOTIONS

1. *Mr. Shymko*—Resolution—That this House, on behalf of the people of Ontario, requests the Government of Canada to protest and condemn the latest wave of persecution, mass arrests, wounding and killing of freedom-loving Albanian nationals in Yugoslavia, mostly students and workers whose public demands for basic human, economic and national rights in the predominantly Albanian province of Kosovo have placed that region under an unprecedented state of emergency; and this House on behalf of the people of Ontario urges the Government of Canada to make appropriate representation before the Government of Yugoslavia expressing grave concern about these flagrant violations of basic human rights, in particular the ruthless action of State security forces, secret trials, torture and policies of ethnocide against the two million Albanians in Yugoslavia as documented by Amnesty International, and that such actions be opposed as incompatible with the provisions of the United Nations Charter, the Universal Declaration of Human Rights and the Helsinki Final Act to which the Government of Yugoslavia is a signatory.
2. *Mr. Kennedy*—Resolution—That in the opinion of this House, and in accordance with the Resolution of the Third Session of the 31st Parliament, passed on June 21st, 1979, the Government should introduce legislation to reduce the writ period of Provincial General Elections and By-elections to a length of 30 days; and further that the ballot include the registered political party affiliation of the candidates; and that the House give early consideration to the establishment of a Select Committee on Election Laws to consider such other election reforms as the Committee may deem appropriate.

4. *Debated May 14th, 1981.*
5. *Debated May 28th, 1981.*
6. *Debated May 28th, 1981.*
7. *Mr. Gordon*—Resolution—That in the opinion of this House, the presently operating Task Force on Equal Opportunities and Access, set up by the Ontario Advisory Council on Multiculturalism and Citizenship, which is studying provincial government appointments to agencies, boards and commissions as well as government employment and promotion practices, be extended full co-operation and assistance by government ministries and agencies, and that the report of the Task Force be made public upon its completion.
8. *Mr. Philip*—Resolution—That, in the opinion of this House, the Government of Ontario should take immediate steps to develop programs and introduce Legislation designed to alleviate the current housing crisis evidenced by the rapidly increasing price of houses and the diminishing stock of decent affordable housing in Ontario, and that, in particular, the Government should: 1. introduce a Housing Speculation Tax in the Assembly to tax away the

speculative profits made by persons who buy and sell housing and land (for the purpose of making easy profits in a speculative market), but that includes a specific exemption for homeowners selling residences they occupy, and for long term investors who provide affordable rental accommodation; 2. sponsor the establishment of a Select Committee of the Assembly to inquire into and assess the impact of the flow of foreign speculative capital on the Province's housing market; and 3. establish effective housing programs to produce and upgrade the stock of decent, affordable housing in Ontario.

9. *Mr. Miller* (Haldimand-Norfolk)—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming.
10. *Mr. Taylor* (Simcoe Centre)—Resolution—That this House reaffirm its support for producer operated provincial and national marketing boards, which provide an effective means of marketing many farm products in this country, and which give farmers much needed bargaining power in the marketplace and have been an effective mechanism to provide consumers with a stable supply of wholesome food products at reasonable prices, and which are supportive of the family farm, small business, and the promotion and development of food resources throughout this province and country.
11. *Debated June 1st, 1981.*
12. *Mr. McClellan*—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canadian Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase

will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system.

13. *Mr. Reid*—Resolution—That, in the opinion of this House, non-resident campers must stay at licensed tourist facilities, licensed trailer camps, hotels or motels, or provincial parks when camping, fishing or hunting in Ontario, and that they no longer be allowed to camp free on Crown Lands for up to three weeks.
14. *Mr. Robinson*—Resolution—That this Government take steps to amend the Highway Traffic Act and change the corresponding regulations dealing with the use of a seat belt assembly in motor vehicles such that protection under the Act be extended to children under the age of five years so as to ensure that children are adequately restrained and protected as passengers on the highways of the Province of Ontario.
15. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the Government of Ontario should establish a Select Committee or All-Party Task Force for the purpose of analyzing and making recommendations based on the Federal Report of the Special Committee on the Disabled and the Handicapped, entitled OBSTACLES. In particular, the committee or task force should consider these specific recommendations for possible development of programmes and the introduction of legislation: 1. that the key strategy for all government assistance to disabled persons in the future must be that of "independent living". Wherever possible, disabled persons must be able to leave institutions and be provided with funds and the assistance they need to live on their own. The first step is for the government to review the income requirements of the disabled in order to ensure that they receive an adequate level of support. The province should work with the Federal Government to establish a Comprehensive Disability Insurance Programme which would be integrated with the Canada Pension Plan. Until the Insurance Programme takes effect, the province and the federal government should share the costs for an income tested flat rate disability supplement to the CPP. The Plan itself should modify its Liquid Asset and Earnings Exemptions to allow for the extra costs incurred due to disability. 2. that the Ontario government require all firms with a substantial government contract to implement an Affirmative Action Programme for disabled persons. The government should establish an Affirmative Action Board through the Ontario Human Rights Commission to enforce contract compliance and provide guidelines and assistance to these firms. 3. that employers and labour unions in the private sector be encouraged to provide employment opportunities, income and job security to employees who become disabled either in or outside of the job. 4. that the provincial government work with both the federal and municipal levels of government to provide reasonable access for disabled persons to all modes of transportation. 5. that the Ontario government provide financial assistance and encouragement to municipalities to support by-laws and programmes which would increase the use of and access

to all municipal services and facilities by the disabled, ensure that streetscape designs and architectural plans respect the needs of the handicapped, and require municipalities to have by-laws that permit the establishment of Group Homes and encourage the presence of disabled organizations. 6. that the Ontario government, in cooperation with the federal government, consumer groups, professional associations and voluntary organizations develop guidelines for standards of care in long-term institutional settings which protect the rights of the handicapped to privacy, to legal advice, and to refuse medical treatment. 7. that the Ontario government ensure that its industrial development and small business grants, loans and other incentives are made available to disabled persons and their organizations. 8. that election polling stations be located so that they are easily accessible to the disabled. 9. that the operation of Lieutenant Governor's Warrants be reviewed to protect the mentally handicapped and those deemed "criminally insane". 10. that all provincial departments, agencies or crown corporations' offices which are listed in the public telephone book be equipped with a teletypewriter (TDD) in order to provide telephone access to hearing and speech impaired persons. 11. that the government assume full responsibility for funding assistive devices for the handicapped under OHIP as recommended by the Ontario March of Dimes. 12. that the Ontario government negotiate with the Federal government the replacement of the Vocational Rehabilitation of Disabled Persons Act.

16. *Ms. Bryden*—Resolution—That in the opinion of this House, the Government of Ontario should: 1. use the power under section 63a subsection 8(a) of the Highway Traffic Act to make regulations "requiring the use of child seating and restraint systems in motor vehicles on highways and prescribing the specifications thereof"; 2. make it mandatory that seat belts, child car seats, or child restraint harnesses suited to their age and weight be required for all children while travelling in motor vehicles; 3. require that such child seating and restraint systems shall comply with the Children's Car Seats and Harnesses regulations under the Hazardous Products Act (Canada); 4. institute a public education program to inform the public about the necessity for these regulations and encourage compliance; 5. introduce legislation amending section 5 of The Retail Sales Tax Act to provide an exemption from the tax imposed by the Act for purchasers of child seating and restraint systems that comply with the Children's Car Seats and Harnesses regulations under the Hazardous Products Act (Canada).
 17. *Mr. Elston*—Resolution—That this House direct the Standing Committee on the Administration of Justice to immediately conduct an examination of the capabilities of the Ministry of Consumer and Commercial Relations to license, monitor and investigate the financial institutions of this Province.

Ballot Item No. 7

Mr. Taylor (Simcoe Centre)—Resolution—That this House reaffirm its support for producer operated provincial and national marketing boards, which provide an effective means of marketing many farm products in this country, and which give farmers much needed bargaining power in the marketplace and have been an effective mechanism to provide consumers with a stable supply of wholesome food products at reasonable prices, and which are supportive of the family farm, small business, and the promotion and development of food resources throughout this province and country. *To be debated June 11th, 1981.*

Ballot Item No. 8

Second Reading Bill 57, An Act respecting the Rights of Non-Unionized Workers. *Mr. Haggerty. To be debated June 11th, 1981.*

Ballot Item No. 9

Mr. McClellan—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canada Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic

partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system. *To be debated June 18th, 1981.*

Ballot Item No. 10

Mr. Robinson—Resolution—That this Government take steps to amend the Highway Traffic Act and change the corresponding regulations dealing with the use of a seat belt assembly in motor vehicles such that protection under the Act be extended to children under the age of five years so as to ensure that children are adequately restrained and protected as passengers on the highways of the Province of Ontario. *To be debated June 18th, 1981.*

Ballot Item No. 11

Mr. Miller (Haldimand-Norfolk)—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming. *To be debated June 25th, 1981.*

Ballot Items 4 and 5—*Debated May 28th, 1981.*

Ballot Item 6—*Debated June 4th, 1981.*

Ballot Item No. 7

Mr. Taylor (Simcoe Centre)—Resolution—That this House reaffirm its support for producer operated provincial and national marketing boards, which provide an effective means of marketing many farm products in this country, and which give farmers much needed bargaining power in the marketplace and have been an effective mechanism to provide consumers with a stable supply of wholesome food products at reasonable prices, and which are supportive of the family farm, small business, and the promotion and development of food resources throughout this province and country. *To be debated June 18th, 1981.*

Ballot Item No. 8

Second Reading Bill 57, An Act respecting the Rights of Non-Unionized Workers. Mr. Haggerty. To be debated June 18th, 1981.

Ballot Item No. 9

Mr. McClellan—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canada Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic

partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system. *To be debated June 25th, 1981.*

Ballot Item No. 10

Mr. Robinson—Resolution—That this Government take steps to amend the Highway Traffic Act and change the corresponding regulations dealing with the use of a seat belt assembly in motor vehicles such that protection under the Act be extended to children under the age of five years so as to ensure that children are adequately restrained and protected as passengers on the highways of the Province of Ontario. *To be debated June 25th, 1981.*

Ballot Item No. 11

Mr. Miller (Haldimand-Norfolk)—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming. *To be debated during Fall Session.*

Ballot Item No. 12

Second Reading Bill 101, An Act to amend The Education Act, 1974. Mr. Grande. *To be debated during Fall Session.*

Ballot Item No. 14

Mr. Elston—Resolution—That this House direct the Standing Committee on Administration of Justice to immediately conduct an examination of the capabilities of the Ministry of Consumer and Commercial Relations to license, monitor and investigate the financial institutions of this Province. *To be debated during Fall Session.*

Ballot Item 6—*Debated June 4th, 1981.*

Ballot Item No. 7

Mr. Taylor (Simcoe Centre)—Resolution—That this House reaffirm its support for producer operated provincial and national marketing boards, which provide an effective means of marketing many farm products in this country, and which give farmers much needed bargaining power in the marketplace and have been an effective mechanism to provide consumers with a stable supply of wholesome food products at reasonable prices, and which are supportive of the family farm, small business, and the promotion and development of food resources throughout this province and country. *To be debated June 18th, 1981.*

Ballot Item No. 8

Second Reading Bill 57, An Act respecting the Rights of Non-Unionized Workers. *Mr. Haggerty.* *To be debated June 18th, 1981.*

Ballot Item No. 9

Mr. McClellan—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canada Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic

partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system. *To be debated June 25th, 1981.*

Ballot Item No. 10

Mr. Robinson—Resolution—That this Government take steps to amend the Highway Traffic Act and change the corresponding regulations dealing with the use of a seat belt assembly in motor vehicles such that protection under the Act be extended to children under the age of five years so as to ensure that children are adequately restrained and protected as passengers on the highways of the Province of Ontario. *To be debated June 25th, 1981.*

Ballot Item No. 11

Mr. Miller (Haldimand-Norfolk)—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming. *To be debated during Fall Session.*

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

(Precedence according to draw held on April 27th, 1981, pursuant to Standing Order 64 (d))

Ballot Items 1 and 2—*Debated May 14th, 1981.*

Ballot Item 3—*Debated May 21st, 1981.*

Ballot Items 4 and 5—*Debated May 28th, 1981.*

Ballot Item 6—*Debated June 4th, 1981.*

Ballot Item No. 7

Mr. Taylor (Simcoe Centre)—Resolution—That this House reaffirm its support for producer operated provincial and national marketing boards, which provide an effective means of marketing many farm products in this country, and which give farmers much needed bargaining power in the marketplace and have been an effective mechanism to provide consumers with a stable supply of wholesome food products at reasonable prices, and which are supportive of the family farm, small business, and the promotion and development of food resources throughout this province and country. *To be debated June 18th, 1981.*

Ballot Item No. 8

Second Reading Bill 57, An Act respecting the Rights of Non-Unionized Workers. *Mr. Haggerty. To be debated June 18th, 1981.*

Ballot Item No. 9

Mr. McClellan—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canada Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic

partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system. *To be debated June 25th, 1981.*

Ballot Item No. 10

Mr. Robinson—Resolution—That this Government take steps to amend the Highway Traffic Act and change the corresponding regulations dealing with the use of a seat belt assembly in motor vehicles such that protection under the Act be extended to children under the age of five years so as to ensure that children are adequately restrained and protected as passengers on the highways of the Province of Ontario. *To be debated June 25th, 1981.*

Ballot Item No. 11

Mr. Miller (Haldimand-Norfolk)—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming. *To be debated during Fall Session.*

Ballot Item No. 12

Second Reading Bill 101, An Act to amend The Education Act, 1974. *Mr. Grande.* *To be debated during Fall Session.*

Ballot Item No. 14

Ballot Items 4 and 5—*Debated May 28th, 1981.*

Ballot Item 6—*Debated June 4th, 1981.*

Ballot Item No. 7

Mr. Taylor (Simcoe Centre)—Resolution—That this House reaffirm its support for producer operated provincial and national marketing boards, which provide an effective means of marketing many farm products in this country, and which give farmers much needed bargaining power in the marketplace and have been an effective mechanism to provide consumers with a stable supply of wholesome food products at reasonable prices, and which are supportive of the family farm, small business, and the promotion and development of food resources throughout this province and country. *To be debated June 18th, 1981.*

Ballot Item No. 8

Second Reading Bill 57, An Act respecting the Rights of Non-Unionized Workers. *Mr. Haggerty.* *To be debated June 18th, 1981.*

Ballot Item No. 9

Mr. McClellan—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canada Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic

partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system. *To be debated June 25th, 1981.*

Ballot Item No. 10

Mr. Robinson—Resolution—That this Government take steps to amend the Highway Traffic Act and change the corresponding regulations dealing with the use of a seat belt assembly in motor vehicles such that protection under the Act be extended to children under the age of five years so as to ensure that children are adequately restrained and protected as passengers on the highways of the Province of Ontario. *To be debated June 25th, 1981.*

Ballot Item No. 11

Mr. Miller (Haldimand-Norfolk)—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming. *To be debated during Fall Session.*

NOTICES

PRIVATE MEMBERS' MOTIONS

1. *Mr. Shymko*—Resolution—That this House, on behalf of the people of Ontario, requests the Government of Canada to protest and condemn the latest wave of persecution, mass arrests, wounding and killing of freedom-loving Albanian nationals in Yugoslavia, mostly students and workers whose public demands for basic human, economic and national rights in the predominantly Albanian province of Kosovo have placed that region under an unprecedented state of emergency; and this House on behalf of the people of Ontario urges the Government of Canada to make appropriate representation before the Government of Yugoslavia expressing grave concern about these flagrant violations of basic human rights, in particular the ruthless action of State security forces, secret trials, torture and policies of ethnocide against the two million Albanians in Yugoslavia as documented by Amnesty International, and that such actions be opposed as incompatible with the provisions of the United Nations Charter, the Universal Declaration of Human Rights and the Helsinki Final Act to which the Government of Yugoslavia is a signatory.
2. *Mr. Kennedy*—Resolution—That in the opinion of this House, and in accordance with the Resolution of the Third Session of the 31st Parliament, passed on June 21st, 1979, the Government should introduce legislation to reduce the writ period of Provincial General Elections and By-elections to a length of 30 days; and further that the ballot include the registered political party affiliation of the candidates; and that the House give early consideration to the establishment of a Select Committee on Election Laws to consider such other election reforms as the Committee may deem appropriate.

7. *Mr. Gordon*—Resolution—That in the opinion of this House, the presently operating Task Force on Equal Opportunities and Access, set up by the Ontario Advisory Council on Multiculturalism and Citizenship, which is studying provincial government appointments to agencies, boards and commissions as well as government employment and promotion practices, be extended full co-operation and assistance by government ministries and agencies, and that the report of the Task Force be made public upon its completion.
8. *Mr. Philip*—Resolution—That, in the opinion of this House, the Government of Ontario should take immediate steps to develop programs and introduce Legislation designed to alleviate the current housing crisis evidenced by the rapidly increasing price of houses and the diminishing stock of decent affordable housing in Ontario, and that, in particular, the Government should: 1. introduce a Housing Speculation Tax in the Assembly to tax away the

speculative profits made by persons who buy and sell housing and land (for the purpose of making easy profits in a speculative market), but that includes a specific exemption for homeowners selling residences they occupy, and for long term investors who provide affordable rental accommodation; 2. sponsor the establishment of a Select Committee of the Assembly to inquire into and assess the impact of the flow of foreign speculative capital on the Province's housing market; and 3. establish effective housing programs to produce and upgrade the stock of decent, affordable housing in Ontario.

9. *Mr. Miller (Haldimand-Norfolk)*—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming.
10. *Mr. Taylor (Simcoe Centre)*—Resolution—That this House reaffirm its support for producer operated provincial and national marketing boards, which provide an effective means of marketing many farm products in this country, and which give farmers much needed bargaining power in the marketplace and have been an effective mechanism to provide consumers with a stable supply of wholesome food products at reasonable prices, and which are supportive of the family farm, small business, and the promotion and development of food resources throughout this province and country.
11. *Debated June 1st, 1981.*
12. *Mr. McClellan*—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canadian Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase

will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system.

13. *Mr. Reid*—Resolution—That, in the opinion of this House, non-resident campers must stay at licensed tourist facilities, licensed trailer camps, hotels or motels, or provincial parks when camping, fishing or hunting in Ontario, and that they no longer be allowed to camp free on Crown Lands for up to three weeks.
14. *Mr. Robinson*—Resolution—That this Government take steps to amend the Highway Traffic Act and change the corresponding regulations dealing with the use of a seat belt assembly in motor vehicles such that protection under the Act be extended to children under the age of five years so as to ensure that children are adequately restrained and protected as passengers on the highways of the Province of Ontario.
15. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the Government of Ontario should establish a Select Committee or All-Party Task Force for the purpose of analyzing and making recommendations based on the Federal Report of the Special Committee on the Disabled and the Handicapped, entitled OBSTACLES. In particular, the committee or task force should consider these specific recommendations for possible development of programmes and the introduction of legislation: 1. that the key strategy for all government assistance to disabled persons in the future must be that of “independent living”. Wherever possible, disabled persons must be able to leave institutions and be provided with funds and the assistance they need to live on their own. The first step is for the government to review the income requirements of the disabled in order to ensure that they receive an adequate level of support. The province should work with the Federal Government to establish a Comprehensive Disability Insurance Programme which would be integrated with the Canada Pension Plan. Until the Insurance Programme takes effect, the province and the federal government should share the costs for an income tested flat rate disability supplement to the CPP. The Plan itself should modify its Liquid Asset and Earnings Exemptions to allow for the extra costs incurred due to disability. 2. that the Ontario government require all firms with a substantial government contract to implement an Affirmative Action Programme for disabled persons. The government should establish an Affirmative Action Board through the Ontario Human Rights Commission to enforce contract compliance and provide guidelines and assistance to these firms. 3. that employers and labour unions in the private sector be encouraged to provide employment opportunities, income and job security to employees who become disabled either in or outside of the job. 4. that the provincial government work with both the federal and municipal levels of government to provide reasonable access for disabled persons to all modes of transportation. 5. that the Ontario government provide financial assistance and encouragement to municipalities to support by-laws and programmes which would increase the use of and access

to all municipal services and facilities by the disabled, ensure that streetscape designs and architectural plans respect the needs of the handicapped, and require municipalities to have by-laws that permit the establishment of Group Homes and encourage the presence of disabled organizations. 6. that the Ontario government, in cooperation with the federal government, consumer groups, professional associations and voluntary organizations develop guidelines for standards of care in long-term institutional settings which protect the rights of the handicapped to privacy, to legal advice, and to refuse medical treatment. 7. that the Ontario government ensure that its industrial development and small business grants, loans and other incentives are made available to disabled persons and their organizations. 8. that election polling stations be located so that they are easily accessible to the disabled. 9. that the operation of Lieutenant Governor's Warrants be reviewed to protect the mentally handicapped and those deemed "criminally insane". 10. that all provincial departments, agencies or crown corporations' offices which are listed in the public telephone book be equipped with a teletypewriter (TDD) in order to provide telephone access to hearing and speech impaired persons. 11. that the government assume full responsibility for funding assistive devices for the handicapped under OHIP as recommended by the Ontario March of Dimes. 12. that the Ontario government negotiate with the Federal government the replacement of the Vocational Rehabilitation of Disabled Persons Act.

16. *Ms. Bryden*—Resolution—That in the opinion of this House, the Government of Ontario should: 1. use the power under section 63a subsection 8(a) of the Highway Traffic Act to make regulations "requiring the use of child seating and restraint systems in motor vehicles on highways and prescribing the specifications thereof"; 2. make it mandatory that seat belts, child car seats, or child restraint harnesses suited to their age and weight be required for all children while travelling in motor vehicles; 3. require that such child seating and restraint systems shall comply with the Children's Car Seats and Harnesses regulations under the Hazardous Products Act (Canada); 4. institute a public education program to inform the public about the necessity for these regulations and encourage compliance; 5. introduce legislation amending section 5 of The Retail Sales Tax Act to provide an exemption from the tax imposed by the Act for purchasers of child seating and restraint systems that comply with the Children's Car Seats and Harnesses regulations under the Hazardous Products Act (Canada).
17. *Mr. Elston*—Resolution—That this House direct the Standing Committee on the Administration of Justice to immediately conduct an examination of the capabilities of the Ministry of Consumer and Commercial Relations to license, monitor and investigate the financial institutions of this Province.
18. *Mr. Smith*—Motion under Standing Order No. 63 (a)—That the Legislative Assembly, noting the failure of the government's budget to provide immediate and effective relief from the high interest rates now burdening mortgaged home owners, farmers and small businessmen in Ontario, declares it has no confidence in this government.
19. *Mr. Samis*—Resolution—That this House requests the Parliament of Canada to include Ontario in the provisions of Section 133 of the British North

America Act as part of any revised constitution in order that the francophone minorities of New Brunswick, Manitoba and Ontario be guaranteed the same language rights.

Ballot Item 6—*Debated June 4th, 1981.*

Ballot Item No. 7

Mr. Taylor (Simcoe Centre)—Resolution—That this House reaffirm its support for producer operated provincial and national marketing boards, which provide an effective means of marketing products in this country, and which give farmers much needed bargaining power in the marketplace and have been an effective mechanism to provide consumers with a stable supply of wholesome food products at reasonable prices, and which are supportive of the family farm, small business, and the promotion and development of food resources throughout this province and country. *To be debated June 18th, 1981.*

Ballot Item No. 8

Second Reading Bill 57, An Act respecting the Rights of Non-Unionized Workers. *Mr. Haggerty. To be debated June 18th, 1981.*

Ballot Item No. 9

Mr. McClellan—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canada Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic

partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system. *To be debated June 25th, 1981.*

Ballot Item No. 10

Mr. Robinson—Resolution—That this Government take steps to amend the Highway Traffic Act and change the corresponding regulations dealing with the use of a seat belt assembly in motor vehicles such that protection under the Act be extended to children under the age of five years so as to ensure that children are adequately restrained and protected as passengers on the highways of the Province of Ontario. *To be debated June 25th, 1981.*

Ballot Item No. 11

Mr. Miller (Haldimand-Norfolk)—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming. *To be debated during Fall Session.*

Ballot Item No. 12

Second Reading Bill 101, An Act to amend The Education Act, 1974. *Mr. Grande.* *To be debated during Fall Session.*

Ballot Item No. 14

Mr. Elston—Resolution—That this House direct the Standing Committee on Administration of Justice to immediately conduct an examination of the capabilities of the Ministry of Consumer and Commercial Relations to license, monitor and investigate the financial institutions of this Province. *To be debated during Fall Session.*

Ballot Item No. 9

Mr. McClellan—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canada Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system. *To be debated June 25th, 1981.*

Ballot Item No. 10

Mr. Robinson—Resolution—That this Government take steps to amend the Highway Traffic Act and change the corresponding regulations dealing with the use of a seat belt assembly in motor vehicles such that protection under the Act be extended to children under the age of five years so as to ensure that children are adequately restrained and protected as passengers on the highways of the Province of Ontario. *To be debated June 25th, 1981.*

Ballot Item No. 11

Mr. Miller (Haldimand-Norfolk)—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming. *To be debated during Fall Session.*

Ballot Item No. 9

Mr. McClellan—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canada Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system. *To be debated June 25th, 1981.*

Ballot Item No. 10

Mr. Robinson—Resolution—That this Government take steps to amend the Highway Traffic Act and change the corresponding regulations dealing with the use of a seat belt assembly in motor vehicles such that protection under the Act be extended to children under the age of five years so as to ensure that children are adequately restrained and protected as passengers on the highways of the Province of Ontario. *To be debated June 25th, 1981.*

Ballot Item No. 11

Mr. Miller (Haldimand-Norfolk)—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming. *To be debated during Fall Session.*

Ballot Item No. 9

Mr. McClellan—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canada Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system. *To be debated June 25th, 1981.*

Ballot Item No. 10

Mr. Robinson—Resolution—That this Government take steps to amend the Highway Traffic Act and change the corresponding regulations dealing with the use of a seat belt assembly in motor vehicles such that protection under the Act be extended to children under the age of five years so as to ensure that children are adequately restrained and protected as passengers on the highways of the Province of Ontario. *To be debated June 25th, 1981.*

Ballot Item No. 11

Mr. Miller (Haldimand-Norfolk)—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming. *To be debated during Fall Session.*

Ballot Item No. 9

Mr. McClellan—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canada Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system. *To be debated during Fall Session.*

Ballot Item No. 10

Mr. Robinson—Resolution—That this Government take steps to amend the Highway Traffic Act and change the corresponding regulations dealing with the use of a seat belt assembly in motor vehicles such that protection under the Act be extended to children under the age of five years so as to ensure that children are adequately restrained and protected as passengers on the highways of the Province of Ontario. *To be debated during Fall Session.*

Ballot Item No. 11

Mr. Miller (Haldimand-Norfolk)—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming. *To be debated during Fall Session.*

Ballot Item No. 12

PRIVATE MEMBERS' MOTIONS

1. *Mr. Shymko*—Resolution—That this House, on behalf of the people of Ontario, requests the Government of Canada to protest and condemn the latest wave of persecution, mass arrests, wounding and killing of freedom-loving Albanian nationals in Yugoslavia, mostly students and workers whose public demands for basic human, economic and national rights in the predominantly Albanian province of Kosovo have placed that region under an unprecedented state of emergency; and this House on behalf of the people of Ontario urges the Government of Canada to make appropriate representation before the Government of Yugoslavia expressing grave concern about these flagrant violations of basic human rights, in particular the ruthless action of State security forces, secret trials, torture and policies of ethnocide against the two million Albanians in Yugoslavia as documented by Amnesty International, and that such actions be opposed as incompatible with the provisions of the United Nations Charter, the Universal Declaration of Human Rights and the Helsinki Final Act to which the Government of Yugoslavia is a signatory.
2. *Mr. Kennedy*—Resolution—That in the opinion of this House, and in accordance with the Resolution of the Third Session of the 31st Parliament, passed on June 21st, 1979, the Government should introduce legislation to reduce the writ period of Provincial General Elections and By-elections to a length of 30 days; and further that the ballot include the registered political party affiliation of the candidates; and that the House give early consideration to the establishment of a Select Committee on Election Laws to consider such other election reforms as the Committee may deem appropriate.

7. *Mr. Gordon*—Resolution—That in the opinion of this House, the presently operating Task Force on Equal Opportunities and Access, set up by the Ontario Advisory Council on Multiculturalism and Citizenship, which is studying provincial government appointments to agencies, boards and commissions as well as government employment and promotion practices, be extended full co-operation and assistance by government ministries and agencies, and that the report of the Task Force be made public upon its completion.
8. *Mr. Philip*—Resolution—That, in the opinion of this House, the Government of Ontario should take immediate steps to develop programs and introduce Legislation designed to alleviate the current housing crisis evidenced by the rapidly increasing price of houses and the diminishing stock of decent affordable housing in Ontario, and that, in particular, the Government should: 1. introduce a Housing Speculation Tax in the Assembly to tax away the

speculative profits made by persons who buy and sell housing and land (for the purpose of making easy profits in a speculative market), but that includes a specific exemption for homeowners selling residences they occupy, and for long term investors who provide affordable rental accommodation; 2. sponsor the establishment of a Select Committee of the Assembly to inquire into and assess the impact of the flow of foreign speculative capital on the Province's housing market; and 3. establish effective housing programs to produce and upgrade the stock of decent, affordable housing in Ontario.

9. *Mr. Miller (Haldimand-Norfolk)*—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming.
10. *Debated June 18th, 1981.*
11. *Debated June 1st, 1981.*
12. *Mr. McClellan*—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canadian Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system.

13. *Mr. Reid*—Resolution—That, in the opinion of this House, non-resident campers must stay at licensed tourist facilities, licensed trailer camps, hotels or motels, or provincial parks when camping, fishing or hunting in Ontario, and that they no longer be allowed to camp free on Crown Lands for up to three weeks.
14. *Mr. Robinson*—Resolution—That this Government take steps to amend the Highway Traffic Act and change the corresponding regulations dealing with the use of a seat belt assembly in motor vehicles such that protection under the Act be extended to children under the age of five years so as to ensure that children are adequately restrained and protected as passengers on the highways of the Province of Ontario.
15. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the Government of Ontario should establish a Select Committee or All-Party Task Force for the purpose of analyzing and making recommendations based on the Federal Report of the Special Committee on the Disabled and the Handicapped, entitled OBSTACLES. In particular, the committee or task force should consider these specific recommendations for possible development of programmes and the introduction of legislation: 1. that the key strategy for all government assistance to disabled persons in the future must be that of “independent living”. Wherever possible, disabled persons must be able to leave institutions and be provided with funds and the assistance they need to live on their own. The first step is for the government to review the income requirements of the disabled in order to ensure that they receive an adequate level of support. The province should work with the Federal Government to establish a Comprehensive Disability Insurance Programme which would be integrated with the Canada Pension Plan. Until the Insurance Programme takes effect, the province and the federal government should share the costs for an income tested flat rate disability supplement to the CPP. The Plan itself should modify its Liquid Asset and Earnings Exemptions to allow for the extra costs incurred due to disability. 2. that the Ontario government require all firms with a substantial government contract to implement an Affirmative Action Programme for disabled persons. The government should establish an Affirmative Action Board through the Ontario Human Rights Commission to enforce contract compliance and provide guidelines and assistance to these firms. 3. that employers and labour unions in the private sector be encouraged to provide employment opportunities, income and job security to employees who become disabled either in or outside of the job. 4. that the provincial government work with both the federal and municipal levels of government to provide reasonable access for disabled persons to all modes of transportation. 5. that the Ontario government provide financial assistance and encouragement to municipalities to support by-laws and programmes which would increase the use of and access to all municipal services and facilities by the disabled, ensure that streetscape designs and architectural plans respect the needs of the handicapped, and require municipalities to have by-laws that permit the establishment of Group Homes and encourage the presence of disabled organizations. 6. that the Ontario government, in cooperation with the federal government, consumer groups, professional associations and voluntary organizations develop guidelines for standards of care in long-term institutional settings which protect the rights of the handicapped to privacy, to legal advice, and to refuse

medical treatment. 7. that the Ontario government ensure that its industrial development and small business grants, loans and other incentives are made available to disabled persons and their organizations. 8. that election polling stations be located so that they are easily accessible to the disabled. 9. that the operation of Lieutenant Governor's Warrants be reviewed to protect the mentally handicapped and those deemed "criminally insane". 10. that all provincial departments, agencies or crown corporations' offices which are listed in the public telephone book be equipped with a teletypewriter (TDD) in order to provide telephone access to hearing and speech impaired persons. 11. that the government assume full responsibility for funding assistive devices for the handicapped under OHIP as recommended by the Ontario March of Dimes. 12. that the Ontario government negotiate with the Federal government the replacement of the Vocational Rehabilitation of Disabled Persons Act.

16. *Ms. Bryden*—Resolution—That in the opinion of this House, the Government of Ontario should: 1. use the power under section 63a subsection 8(a) of the Highway Traffic Act to make regulations "requiring the use of child seating and restraint systems in motor vehicles on highways and prescribing the specifications thereof"; 2. make it mandatory that seat belts, child car seats, or child restraint harnesses suited to their age and weight be required for all children while travelling in motor vehicles; 3. require that such child seating and restraint systems shall comply with the Children's Car Seats and Harnesses regulations under the Hazardous Products Act (Canada); 4. institute a public education program to inform the public about the necessity for these regulations and encourage compliance; 5. introduce legislation amending section 5 of The Retail Sales Tax Act to provide an exemption from the tax imposed by the Act for purchasers of child seating and restraint systems that comply with the Children's Car Seats and Harnesses regulations under the Hazardous Products Act (Canada).
 17. *Mr. Elston*—Resolution—That this House direct the Standing Committee on the Administration of Justice to immediately conduct an examination of the capabilities of the Ministry of Consumer and Commercial Relations to license, monitor and investigate the financial institutions of this Province.
 18. *Debated June 22nd, 1981.*
 19. *Mr. Samis*—Resolution—That this House requests the Parliament of Canada to include Ontario in the provisions of Section 133 of the British North America Act as part of any revised constitution in order that the francophone minorities of New Brunswick, Manitoba and Ontario be guaranteed the same language rights.

Ballot Item No. 9

Mr. McClellan—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canada Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system. *To be debated during Fall Session.*

Ballot Item No. 9

Mr. McClellan—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canada Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system. *To be debated during Fall Session.*

Ballot Item No. 10

Mr. Robinson—Resolution—That this Government take steps to amend the Highway Traffic Act and change the corresponding regulations dealing with the use of a seat belt assembly in motor vehicles such that protection under the Act be extended to children under the age of five years so as to ensure that children are adequately restrained and protected as passengers on the highways of the Province of Ontario. *To be debated during Fall Session.*

Ballot Item No. 11

Mr. Miller (Haldimand-Norfolk)—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming. *To be debated during Fall Session.*

Ballot Item No. 9

Mr. McClellan—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canada Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system. *To be debated during Fall Session.*

Ballot Item No. 10

Mr. Robinson—Resolution—That this Government take steps to amend the Highway Traffic Act and change the corresponding regulations dealing with the use of a seat belt assembly in motor vehicles such that protection under the Act be extended to children under the age of five years so as to ensure that children are adequately restrained and protected as passengers on the highways of the Province of Ontario. *To be debated during Fall Session.*

Ballot Item No. 11

Mr. Miller (Haldimand-Norfolk)—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming. *To be debated during Fall Session.*

Ballot Item No. 9

Mr. McClellan—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canada Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system. *To be debated during Fall Session.*

Ballot Item No. 10

Mr. Robinson—Resolution—That this Government take steps to amend the Highway Traffic Act and change the corresponding regulations dealing with the use of a seat belt assembly in motor vehicles such that protection under the Act be extended to children under the age of five years so as to ensure that children are adequately restrained and protected as passengers on the highways of the Province of Ontario. *To be debated during Fall Session.*

Ballot Item No. 11

Mr. Miller (Haldimand-Norfolk)—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming. *To be debated during Fall Session.*

PRIVATE MEMBERS' MOTIONS

1. *Mr. Shymko*—Resolution—That this House, on behalf of the people of Ontario, requests the Government of Canada to protest and condemn the latest wave of persecution, mass arrests, wounding and killing of freedom-loving Albanian nationals in Yugoslavia, mostly students and workers whose public demands for basic human, economic and national rights in the predominantly Albanian province of Kosovo have placed that region under an unprecedented state of emergency; and this House on behalf of the people of Ontario urges the Government of Canada to make appropriate representation before the Government of Yugoslavia expressing grave concern about these flagrant violations of basic human rights, in particular the ruthless action of State security forces, secret trials, torture and policies of ethnocide against the two million Albanians in Yugoslavia as documented by Amnesty International, and that such actions be opposed as incompatible with the provisions of the United Nations Charter, the Universal Declaration of Human Rights and the Helsinki Final Act to which the Government of Yugoslavia is a signatory.
2. *Mr. Kennedy*—Resolution—That in the opinion of this House, and in accordance with the Resolution of the Third Session of the 31st Parliament, passed on June 21st, 1979, the Government should introduce legislation to reduce the writ period of Provincial General Elections and By-elections to a length of 30 days; and further that the ballot include the registered political party affiliation of the candidates; and that the House give early consideration to the establishment of a Select Committee on Election Laws to consider such other election reforms as the Committee may deem appropriate.

7. *Mr. Gordon*—Resolution—That in the opinion of this House, the presently operating Task Force on Equal Opportunities and Access, set up by the Ontario Advisory Council on Multiculturalism and Citizenship, which is studying provincial government appointments to agencies, boards and commissions as well as government employment and promotion practices, be extended full co-operation and assistance by government ministries and agencies, and that the report of the Task Force be made public upon its completion.
8. *Mr. Philip*—Resolution—That, in the opinion of this House, the Government of Ontario should take immediate steps to develop programs and introduce Legislation designed to alleviate the current housing crisis evidenced by the rapidly increasing price of houses and the diminishing stock of decent affordable housing in Ontario, and that, in particular, the Government should: 1. introduce a Housing Speculation Tax in the Assembly to tax away the

speculative profits made by persons who buy and sell housing and land (for the purpose of making easy profits in a speculative market), but that includes a specific exemption for homeowners selling residences they occupy, and for long term investors who provide affordable rental accommodation; 2. sponsor the establishment of a Select Committee of the Assembly to inquire into and assess the impact of the flow of foreign speculative capital on the Province's housing market; and 3. establish effective housing programs to produce and upgrade the stock of decent, affordable housing in Ontario.

9. *Mr. Miller* (Haldimand-Norfolk)—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming.
10. *Debated June 18th, 1981.*
11. *Debated June 1st, 1981.*
12. *Mr. McClellan*—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canadian Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system.

13. *Mr. Reid*—Resolution—That, in the opinion of this House, non-resident campers must stay at licensed tourist facilities, licensed trailer camps, hotels or motels, or provincial parks when camping, fishing or hunting in Ontario, and that they no longer be allowed to camp free on Crown Lands for up to three weeks.
14. *Mr. Robinson*—Resolution—That this Government take steps to amend the Highway Traffic Act and change the corresponding regulations dealing with the use of a seat belt assembly in motor vehicles such that protection under the Act be extended to children under the age of five years so as to ensure that children are adequately restrained and protected as passengers on the highways of the Province of Ontario.
15. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the Government of Ontario should establish a Select Committee or All-Party Task Force for the purpose of analyzing and making recommendations based on the Federal Report of the Special Committee on the Disabled and the Handicapped, entitled OBSTACLES. In particular, the committee or task force should consider these specific recommendations for possible development of programmes and the introduction of legislation: 1. that the key strategy for all government assistance to disabled persons in the future must be that of “independent living”. Wherever possible, disabled persons must be able to leave institutions and be provided with funds and the assistance they need to live on their own. The first step is for the government to review the income requirements of the disabled in order to ensure that they receive an adequate level of support. The province should work with the Federal Government to establish a Comprehensive Disability Insurance Programme which would be integrated with the Canada Pension Plan. Until the Insurance Programme takes effect, the province and the federal government should share the costs for an income tested flat rate disability supplement to the CPP. The Plan itself should modify its Liquid Asset and Earnings Exemptions to allow for the extra costs incurred due to disability. 2. that the Ontario government require all firms with a substantial government contract to implement an Affirmative Action Programme for disabled persons. The government should establish an Affirmative Action Board through the Ontario Human Rights Commission to enforce contract compliance and provide guidelines and assistance to these firms. 3. that employers and labour unions in the private sector be encouraged to provide employment opportunities, income and job security to employees who become disabled either in or outside of the job. 4. that the provincial government work with both the federal and municipal levels of government to provide reasonable access for disabled persons to all modes of transportation. 5. that the Ontario government provide financial assistance and encouragement to municipalities to support by-laws and programmes which would increase the use of and access to all municipal services and facilities by the disabled, ensure that streetscape designs and architectural plans respect the needs of the handicapped, and require municipalities to have by-laws that permit the establishment of Group Homes and encourage the presence of disabled organizations. 6. that the Ontario government, in cooperation with the federal government, consumer groups, professional associations and voluntary organizations develop guidelines for standards of care in long-term institutional settings which protect the rights of the handicapped to privacy, to legal advice, and to refuse

medical treatment. 7. that the Ontario government ensure that its industrial development and small business grants, loans and other incentives are made available to disabled persons and their organizations. 8. that election polling stations be located so that they are easily accessible to the disabled. 9. that the operation of Lieutenant Governor's Warrants be reviewed to protect the mentally handicapped and those deemed "criminally insane". 10. that all provincial departments, agencies or crown corporations' offices which are listed in the public telephone book be equipped with a teletypewriter (TDD) in order to provide telephone access to hearing and speech impaired persons. 11. that the government assume full responsibility for funding assistive devices for the handicapped under OHIP as recommended by the Ontario March of Dimes. 12. that the Ontario government negotiate with the Federal government the replacement of the Vocational Rehabilitation of Disabled Persons Act.

16. *Ms. Bryden*—Resolution—That in the opinion of this House, the Government of Ontario should: 1. use the power under section 63a subsection 8(a) of the Highway Traffic Act to make regulations "requiring the use of child seating and restraint systems in motor vehicles on highways and prescribing the specifications thereof"; 2. make it mandatory that seat belts, child car seats, or child restraint harnesses suited to their age and weight be required for all children while travelling in motor vehicles; 3. require that such child seating and restraint systems shall comply with the Children's Car Seats and Harnesses regulations under the Hazardous Products Act (Canada); 4. institute a public education program to inform the public about the necessity for these regulations and encourage compliance; 5. introduce legislation amending section 5 of The Retail Sales Tax Act to provide an exemption from the tax imposed by the Act for purchasers of child seating and restraint systems that comply with the Children's Car Seats and Harnesses regulations under the Hazardous Products Act (Canada).
 17. *Mr. Elston*—Resolution—That this House direct the Standing Committee on the Administration of Justice to immediately conduct an examination of the capabilities of the Ministry of Consumer and Commercial Relations to license, monitor and investigate the financial institutions of this Province.
 18. *Debated June 22nd, 1981.*
 19. *Mr. Samis*—Resolution—That this House requests the Parliament of Canada to include Ontario in the provisions of Section 133 of the British North America Act as part of any revised constitution in order that the francophone minorities of New Brunswick, Manitoba and Ontario be guaranteed the same language rights.

Ballot Item No. 9

Mr. McClellan—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canada Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system. To be debated during Fall Session.

Ballot Item No. 10

Mr. Robinson—Resolution—That this Government take steps to amend the Highway Traffic Act and change the corresponding regulations dealing with the use of a seat belt assembly in motor vehicles such that protection under the Act be extended to children under the age of five years so as to ensure that children are adequately restrained and protected as passengers on the highways of the Province of Ontario. To be debated during Fall Session.

Ballot Item No. 11

Mr. Miller (Haldimand-Norfolk)—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming. *To be debated during Fall Session.*

Ballot Item No. 9

Mr. McClellan—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canada Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system. *To be debated during Fall Session.*

Ballot Item No. 10

Mr. Robinson—Resolution—That this Government take steps to amend the Highway Traffic Act and change the corresponding regulations dealing with the use of a seat belt assembly in motor vehicles such that protection under the Act be extended to children under the age of five years so as to ensure that children are adequately restrained and protected as passengers on the highways of the Province of Ontario. *To be debated during Fall Session.*

Ballot Item No. 11

Mr. Miller (Haldimand-Norfolk)—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming. *To be debated during Fall Session.*

NOTICE OF MOTION UNDER STANDING ORDER 34

Mr. Cassidy—That the ordinary business of the House be set aside to discuss a matter of urgent public importance, namely, the crisis confronting vast numbers of Ontario homeowners who are facing usurious interest rates as they renew mortgages over the next six months. It is a fundamental responsibility of government to ensure that citizens in the Province have access to decent housing. The government has failed to meet this trust either by pressuring the federal government to abandon its disastrous interest rate policy or by acting on its own to alleviate the disaster facing many homeowners in Ontario.

Ballot Item No. 9

Mr. McClellan—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canada Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system. *To be debated Thursday, October 15th, 1981.*

Ballot Item No. 10

Ballot Item No. 11

Mr. Miller (Haldimand-Norfolk)—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming. *To be debated Thursday, October 22nd, 1981.*

(Private Members' Motions, other than those directly related to Government Orders, will be published on the Notice Paper each Thursday.)

20. *Mr. McClellan*—Resolution—That, in the opinion of this House, the Government recognizes that the Progressive Conservative Party of Ontario, many of its candidates and its constituency associations spent inordinate amounts of money during the last general election thereby seriously undermining the integrity of the electoral process, and that in order to correct this undemocratic development, this House directs the Commission on Election Contributions and Expenses to proceed immediately under Sections 4 (1) (d) and (f) of the Election Finances Reform Act. Specifically, the Commission should investigate expenditures by parties, candidates and constituency associations with a view to recommending amendments to the said Act to set spending limits for future provincial elections.
